

Five Star Member Program

Member: _____
Date Started: _____

for the Upsilon Mu Chapter
of Phi Theta Kappa

The Upsilon Mu Chapter has designed this Five-Star Enhanced Member Program to allow its members the opportunity to become recognized and rewarded for their involvement in activities sponsored by this chapter. This program is not required to maintain membership within this chapter, but was implemented to encourage personal, professional, and academic growth.

Each level allows members to participate in each of the Society's four Hallmarks of *Scholarship, Leadership, Service, and Fellowship*. These activities do not need to be accomplished in any specific order, however, in order to receive recognition for the highest level achieved, you must complete **ALL** activities below that level (to get the Two Star Level you must complete the One Star Level) and **ALL** the activities within the level. You will have three semesters to complete this program.
