

Cool Text is an online graphics generator for web pages and anywhere else you might need an impressive logo without a lot of work. We provide real-time generation of graphics that are customized exactly the way you want them.

Simply choose what kind of image you would like to create. Then fill out a form and you'll have your own image created on the fly.

Cool Text will always be available for use free of charge.

- > [Render a Logo](#)
- > [Render a Button](#)

From <http://www.cooltext.com>

1. Choose Render a Logo (text, only) or Render a Button (text on a button-shaped graphic.)
2. Choose a logo design by clicking once on a selection.
3. Enter or select the following:
 - a. Logo Text
 - b. Font (click to select a different font)
 - c. Text Size
 - d. Other elements as available

Design Your Logo

To use the graphic you've created in cool text or flaming text as a Blackboard course banner:

1. Log in to Blackboard.
2. Go to the Control Panel of your course.
3. Go to Course Design.
4. Select the Course Banner link.
5. Use the Browse... button to locate the graphic file that you saved to your computer.
6. Click Submit.
7. Return to the Announcements Page of your course site to view the banner.
